Article Series of Pi Legal Consultancy Continues....

Pi Legal Consultancy continues to offer free legal and business guidance through the articulation of trending articles and papers. Our first article in August 2025 is about Work Permit in Türkiye articulated by our attorney Büşra Dereli. It is important to emphasize that holding a residence permit does not automatically entitle a foreigner to work. Therefore, foreigners residing in Turkey must obtain a work permit for foreigners in Turkey in order to legally engage in employment. This article outlines the types of work permits available to foreigners in Turkey, the application procedures, and key legal considerations.

News & Insights & Legal Alerts

Pi Legal Consultancy is also going on publishing legal alerts covering the most updated developments in Turkey. Our one of recent legal alerts covers a useful analysis of the Regulation on the Employer Responsibility for Deportation Costs of Foreigners. The present article concentrates on following questions:

What is the objective of the Regulation on the Employer Responsibility for Deportation Costs of Foreigners?

What is the meaning of a work permit?

What is the scope of the Regulation on the Employer Responsibility for Deportation Costs of Foreigners?

Which expenses can be taken from employers or their authorized representatives?
